

## Shanti and Purias place in Germany at Weisser Stein (White Stone)

### **working guest**

As exchange for food and accomodation you work 3 - 4 hours per day at the venue in a self-reliant way in the garden or house. This programm is sutable for people who like nature and enjoy a calm, simple life style. We practice mindfulness, meditation and different kinds of body exercises where you can participate. Coaching or energy work is available ([www.presence-healing.de](http://www.presence-healing.de)), either via payment or you offer some of your skills in exchange.

Alkohol, drugs or cigarettts are not allowed at our place.

### **accomodation**

We offer a room in the house or a spot in the garden or forest for your tent.

### **food**

Our food is organic, vegetarian and mainly vegan. Most of the time we have a late, rich breakfast and an early dinner. Water and teas are included and depending on the daily schedule we sometimes provide a lunch or cake during the afternoon as well.

### Care taker: Shanti and Puria

We are living at this lovely place since August 2015; Puria in the yurt and Shanti in the house.

Since we moved here we renovated the house and now we put our energy in creating a vegetable garden and plan to build a wooden little hut for guests next to the forest.

We are a couple since 2010 and share our love for a simple life close to nature, shamanic healing work, personal development and meditation.

We are dedicated to practically research which life conditions and inner attitudes do support us in developing as a person and embodying awakened consciousness in daily life. We enjoy being care takers of this lovely place and to share our talents with others.

As a coach Puria supports people in life changing situations and healing processes and shares spiritual energywork and transformation tools in seminars. Shanti manages his own enterprise, where he designs and sells wooden toys. He also shares his experiences in shamanic techniques in a gentle and sensitive manner.
